PROFESSIONAL SUMMARY

Data Analytics–focused B.Tech (AI & Data Science) student with hands-on experience in SQL, Python, Power BI, and Google Sheets, backed by an IBM SkillsBuild internship and three end-to-end analytics projects. Skilled at cleaning data, performing exploratory and statistical analysis, and turning findings into clear dashboards and business recommendations. Analytical, detail-oriented, and ready to support Data Analyst, BI Analyst, Product Analyst, and Financial Analyst teams with insights that drive retention, efficiency, and growth.

SKILLS

Technical Skills: SQL (MySQL), Python, Data Cleaning & Preparation, Exploratory Data Analysis (EDA), Statistical Analysis, Descriptive Statistics, KPI Development, Data Visualization

Tools & Technologies: Power BI, Advanced MS Excel, Google Sheets, MySQL, Pandas, NumPy, Matplotlib, Seaborn, GitHub

Core Competencies: Analytical Thinking, Problem Solving, Stakeholder Communication, Data Storytelling, Business Insight Generation, Attention to Detail

EXPERIENCE

Data Analytics with AI Intern | IBM SkillsBuild, in association with AICTE & BharatCares | Aug 2026 – Sep 2026 (6 weeks)

B2B SaaS Customer Retention Analytics | GitHub:
https://github.com/mukteswarnayak17/B2B-SaaS-Customer-Retention-Analytics

- Applied AI-assisted techniques to streamline data cleaning, exploratory analysis, and insight generation on B2B SaaS customer data, speeding up analysis and surfacing retention patterns.
- Used Google Sheets, SQL, Power BI, and Python (Pandas, NumPy, Matplotlib, Seaborn) to clean, transform, query, and visualize customer data across the analytics workflow.
- Analyzed churn and retention drivers, covering [customer segments, subscription plans, usage behavior, and tenure], to identify at-risk accounts and quantify key retention KPIs such as [churn rate and retention rate].
- Developed and delivered an end-to-end retention analytics project with an interactive Power BI dashboard and actionable recommendations to reduce churn, and documented it in a public GitHub repository.

PROJECTS

Customer Shopping Behavior Analysis | Python, MySQL, Power BI | Mar 2026 – Apr 2026

GitHub: https://github.com/mukteswarnayak17/customer-shopping-behavior-analysis-python-sql-powerbi

- Built an end-to-end analytics pipeline using Python, MySQL, and Power BI on 3,900 customer records, reporting $233K in revenue and a $59.76 average order value.
- Delivered insights on a 3.75 average satisfaction score and a 27% subscription rate to support retention and loyalty initiatives.
- Identified Clothing (44.7%) as the top-performing category and Gloves (3.9 rating) as the best-rated product, informing inventory and marketing priorities.
- Strengthened regional targeting by analyzing the top 10 states (~$5.7K average revenue) and applying frequency-based customer segmentation.

Zepto Inventory BI Analysis | SQL, Power BI | Apr 2026 – May 2026

GitHub: https://github.com/mukteswarnayak17/zepto-inventory-bi-analysis

- Cleaned 3,732 inventory records in SQL (price conversion, category standardization, duplicate removal) to ensure accurate product and pricing data.
- Executed 8 SQL queries and built a 2-page Power BI report covering inventory value, stockout rates, urgent restocking, price tiers, discount impact, and promotional categories.
- Uncovered key insights: Biscuits had a 28.57% stockout rate, Beverages/Dairy 21.71%, and average stock depth was 3.81 against a target of 5.
- Supported better inventory planning, reduced stockout risk, and sharper discount strategy through category-level recommendations.

EDUCATION

B.Tech, Artificial Intelligence and Data Science | 2023 – April 2027
Panimalar Engineering College, Chennai | CGPA: 8.66 / 10

CERTIFICATIONS

- **IBM SkillsBuild Data Analytics with AI Internship Program** – IBM SkillsBuild, AICTE & BharatCares (Aug–Sep 2026) | Certificate ID: IBMACBHDAI1575
- **Career Essentials in Data Analysis** – Microsoft & LinkedIn Learning (Dec 2024) | Skills: Data Analysis, Data Visualization, Data Analytics
- **Data Analytics Essentials** – Cisco Networking Academy (2025)
